Subject: FW: Limetree Bay Terminal (LBT) Status Update 9/28/2018

Dear LBT Workgroup –

FYI. Thank you again for your assistance.

Have a great weekend –

Tom

Thomas Tyler, Esq. Director

Subject: Limetree Bay Terminal (LBT) Status Update 9/28/2018

Henry,

Weekly status update provided below. As briefly mentioned yesterday on our way to the OFD brief, OECA reinforced with the LBT principal and lead counsel last Friday that EPA established a senior working group to provide dedicated and timely assistance; however, they must provide information previously requested which is critical to our/DOJ's ability to help them quickly resolve issues and questions related to the Consent Decree. Our team remains focused on seeking LBT's additional potential plans and conceptual ideas related to "expansion/modification" so that we can determine what else might be required of us, or other organizations, and how we can assist. Please advise if you have any questions or would like an in-person brief.

Thanks, Rob

Limetree Bay Terminals St. Croix project update 9/28/2018:

Ex. 5 (delib. process) and Ex. 7A

Subject: Limetree Bay Terminal (LBT) Status Update 9/21/2018

Henry,

LBT status update provided below; the team we assimilated is up and running with a significant degree of cross-organizational coordination and communication within their areas of expertise. In particular, Flaire Mills (R2 ORC) has been invaluable to our team effort. Please advise if you have any questions or would like an in-person brief.

Thanks, Rob

Subject: Limetree Bay Terminal (LBT) Status Update 9/14/2018

Henry,

My first recurring weekly status update is provided below. I will aim for Fridays, unless you or Andrew have a preference/need for a different frequency and/or different point in the week. I will also end each update with a proposed summary that you can forward to AW at your discretion so that he is prepared to respond quickly to a no-notice inquiry. I'll keep future updates shorter (3-4 bulleted highlights or so), but please advise if you'd prefer a format other than what I have provided today. There is also a lot of detail behind each piece, so we are prepared to brief you in person with little notice if you'd like a deeper dive or have questions at any point. R2, OECA and OAR staff have invested a significant amount of time digging into the details; which certainly made getting up to speed much easier. I've copied Bill, Patrick, David, and Pete out of courtesy and appreciation....which I'd ask make it back down to their staff (and if any of you would like to be dropped from future updates, please let me know offline).

I've also attached R2's more recent issue paper/fact sheet for reference.

Thanks, Rob

Subject: Limetree

Pete:

Acting Administrator Wheeler and I have asked the Office of Policy to engage their Office of Federal Activities to lead in the coordination of the Limetree matter. The Director, Rob Tomiak, has agreed to serve as EPA's project manager who will be the primary point of contact for Limetree in helping to connect them with the federal programs and offices they must involve to resume operations. Please inform your team to fully cooperate with Rob in these efforts.

If you have any questions, please let me know.

Thank you.

Henry
